Courtney's House's is focused on providing survivor-run and trauma-informed services to survivors of domestic minor sex trafficking. We provide continual direct services for those 18 and younger. **If you have someone over 18 or an emergency case, please call our 24hr National For Survivor by Survivor Hotline 1-888-261-3665 for further assistance.**

**Please email this from to Tei Spaine Survivor Service Coordinator [tspaine@courtneyshouse.org](mailto:tspaine@courtneyshouse.org)**

Things to Keep in Mind when Referring to Courtney's House:

- We are providing direct services through our Direct Service Center to individuals in DC, Northern Virginia and Southern Maryland to Baltimore.
- Our program is voluntary.
- Our services are informed by and catered to each survivor for their needs and goals
- We work with sex trafficking survivors.
- Groups are mandatory and are every other Saturday at 1pm in DC. Our groups have fun events afterwards either art, yoga, dance, cooking, or if survivors have another idea we are open to it.  
***If transportation is needed please inform your contact.***
- Trafficking assessments can take up to: 3-4 visits. This is to not overwhelm or re-traumatize the survivor and to get the fullest picture while building trust at the same time.

Things we like survivors to know beforehand:

- Our organization was founded by a survivor who was controlled by a pimp from when she was 14 to 16.
- We know it is hard to get out; it may take you a while. If you are involved with CH and fall, we will be there to support you to get back up.
- We are NOT Law enforcement, or "typical" counselors, social workers, or even a typical organization. We are here solely to create a space for survivors by survivors.
- Groups are mandatory and are every other Saturday at 1pm in DC. Our groups have fun events afterwards either art, yoga, dance, cooking, or if survivors have another idea we are open to it. If transportation is needed please inform your contact.
- We only work with girls, boys and transgendered who have been made to do things they didn't want to. Many times this meant someone got money while people hurt them.
